Pictures and stories:

Here are some pictures of the adventures the scouts have been having! Please remember to send in your stories!

Some of our Adventurers over the last 2 days completed the Bunderspitz and Three Valleys Hike.

The first day involved hiking up Bunderspitz (2'546m). This was a steep climb which took roughly 3 hours, to display stunning scenery from the summit. The hike then continued down and around into the Ueschinen valley where they stayed at an overnight hut.

The second day involved ascending the Tschingellochtighorn (Kit-Kat mountain) and traversing ridges and scree before descending back through the valleys towards Kandersteg.

Here is a picture of one of our Swiss adventurers completing Allmenalp Via Ferrata. This is a challenging activity included climbing up iron pegs, across wire bridges and traversing near the spectacular Allmenalp waterfall. Some of the ladders twisted and the pegs were far apart making this a particularly challenging activity but making it worthwhile with amazing views whilst they were climbing.

With the chance to absorb some more of the amazing scenery this group of adventures hiked through the Gasterntal valley. After catching the minibus from camp, the group went from Selden (upper part of Gasterntal), made a pitstop at Heimritz and then back down through Tanglwald before heading to a swiss mountain restraint.

More of our Swiss adventurers had the opportunity to explore the Adelboden adventure park. Taking in the scenery from the high ropes course before flying through the valley along zip lines at high speeds. On the way back to camp, the group stopped at Interlaken for an exploration of the town.
